LOOKING FORWARD

COVID Guidelines

The COVID-19 situation is constantly changing. Per the current CDC and State guidelines, we are able to be on the field this season. That said, we have sent out **Gameday Guidelines** to all members participating in State League. The Youth Academy will have similar guidelines and those have been communicated with participants. Please refer to our [Return to Play Guidelines](#) for more information.

Development Program Updates

Program registration is now open for both ODP and YDP this season. Please forward this knowledge to any players you feel would benefit from either program. More information can be found on our website under each program's page.

Questions?

Referee Certification

Referee Certification is open and the Referee Association is offering classes online. If you know anyone that may be interested, such as older players within your club, please share this information with them. This is a great way for players to earn money in their spare time and give them an opportunity to become more involved in the game.

Looking Forward

Everyone can expect a new ASA Updates Newsletter at the beginning of each month. For the remaining months, we will be adding a section to highlight one member club for the month. We would like to highlight one of our members in their efforts to connect with their community and grow the game. Please share your soccer story with us throughout the season and we'd be happy to highlight it in the next newsletter.

Thank you for being a member of Alabama Soccer Association and we look forward to seeing you on the field!

"We are looking forward to our season beginning across the state in observance of Governor Ivey's orders. We are here to support our members while doing our due diligence to create a safe environment for the players."

Jennifer Pfeiffer, Executive Director
